

PADI Multilevel Diver

Why PADI Multilevel Diver?

Since there's so much to see underwater you'll want to make the most of your stay. The PADI Multilevel Diver Specialty course tells you how by introducing you to the many varieties of multilevel diving.

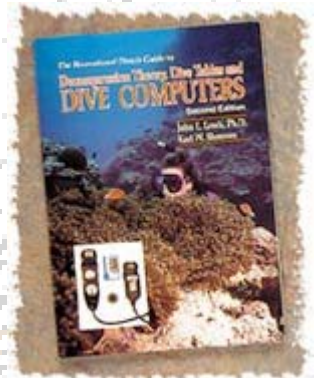

What do I need to start?

- PADI Open Water Diver or Junior Open Water Diver certification (or qualifying certification from another organization)
- Minimum age: 12 years old

What will I do?

You'll learn what multilevel diving is and why you want to plan for multilevel dives. You'll also get to see the various types of multilevel dive calculators (including the Recreational Dive Planner, Wheel version and dive computers), as well as learn about multilevel dive planning, organization, procedures, techniques, and potential problems.

How long will it take?

- Recommended Course Hours: 12
- Minimum Open Water Training: two dives over one day

What will I need?

- The Decompression Theory, Dive Tables and Dive Computers Book
- Recreational Dive Planner, The Wheel

Where can I go from here?

Your Adventures In Diving Multilevel Adventure Dive may count towards the Specialty certification at instructor discretion. And, the Specialty certification counts as one of five Specialty certifications necessary for your Master Scuba Diver certification.
